Practice question for LAB 1

The revenue authority (KRA) wants to maximize tax revenue collection from property owners and the agents (hosts) dealing with the properties. You been hired to provide the following.

1. List all properties by their id and property name that are within Chelsea neighborhood. (2 Points)

2. List all properties by name, room type and availability, that received less than 50 reviews. (2 Points)

3. List all properties by name, room type and availability, that received less than 250 reviews. (2 Points)

4. List the property by name, room type and availability, that received the highest reviews. (2 Points)

5. How many properties do each host have? (2 Points)

   Total 10 Points

Dataset: New York city

Good Luck
